

Cross-ownership of television and print media in the same geographic region will only serve to further consolidate media, which will give greater power to fewer Americans and further erode freedom of speech and freedom of the press by furthering the denial of access to the media by the masses.

Please rethink the review of laws that prohibit the same company from owning both a newspaper and a TV station in the same geographic area, and laws that limit the percent of the national audience that a single cable company can reach. These laws are currently in place for good reason.

Thank You,
Sincerely,
Robyne Hamme
